1 Mono and colour print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on factors including system configuration, software and page complexity. For more information, visit www.epson.com.au/printspeed/

2 Replacement ink pack yields are estimated based on ISO/IEC 24711 test in default mode printing continuously. Ink pack yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour.

3 Mono and colour copy speeds are determined in accordance with ISO/IEC 29183. Actual copy times will vary based on factors including system configuration, and page complexity. For more information, visit www.epson.com.au/printspeed/

4 Based on 200 dpi, letter-size (215.9 mm x 279.4 mm), in mono or colour.

5 Requires an internet connection, a free Epson Connect account and a destination email address or cloud storage account. For a list of supported cloud services, visit www.epson.com.au/connect
